

Special Funds Descriptions

Below is a list of the Special Funds that Temple has to help assist with the additional ministries and expenses of the church.

Emergency Fund/Pastor Discretionary

This is intended to allow the Pastor to assist congregation members and community people in a time of need. This allows him to respond quickly to these situations.

Hand 2 Hand

This is an outreach program that provides weekend meals to the community children during the school year.

Memorial Fund

This is a fund that was set up to provide a place for memorial donations to the church. This fund has been used to purchase larger items that would be difficult to purchase through normal expenditures. An example is the used organ that was purchased over a year ago.

T.C.B. Boxing Program

This helps with expenses for the boxing program such as equipment, event registration fees and general supplies.

Temple Roofing Project

This is for any roofing projects we may have in the future. The sanctuary is a shingled roof and there are several flat rubber roofs that need constant attention.

SCRIP

This is an additional way for the church to build a fund to be used for various expenses that may come up. Most recently, part of this additional money was used to help purchase the two garden lots from MAP.

Supper House

The money in this fund is held in reserve in the event Supper House may need financial assistance.

Community Garden

This is used for any expenses that may arise related to the garden such as equipment repairs, plants, flowers, etc.

Temple Preservation

This fund is used for some of the unexpected repairs that may happen from time to time in the church. Broken sewer and steam pipes are a good example.

Special Offerings & UMCOR

These are pass through accounts. The money that is received for either of these funds is sent on to the Conference for distribution.
